

## PILGRIM FATHERS' MEMORY HONORED

GREAT MONUMENT UNVEILED AT PROVINCETOWN, MASS.

### TAFT ORATOR OF THE DAY

Thousands of Spectators, Soldiers and Sailors Lend Brilliance to the Ceremony.

[SPECIAL TO THE GAZETTE.]  
Provincetown, Mass., Aug. 5.—Decorated with thousands of flags and streamers of bunting and filled with a throng of visitors, this tipical town of Cape Cod today witnessed the most momentous event in the history of its people, the dedication of the great monument to commemorate the first landing of the Pilgrims, with President Taft as the guest of honor and chief speaker.

Two thousand sailors and marines from the ships of the North Atlantic fleet anchored in Provincetown harbor took part in the parade and acted as police escort for the presidential party, who came over from Buzzards Point on the Mayflower—the name of which vessel could not have been more appropriate for the occasion. The President was met at the end of the railroad dock by the chairman of the board of selection, who delivered a cordial greeting. Meanwhile the sailors and marines formed in two lines as police guard. Shortly after the arrival of President Taft came Governor Draper and his staff of ten, together with a number of other notables who were to take part in the exercises of the day.

During the early hours of the forenoon an immense crowd of visitors poured into the town. A score of steamboats and a number of special

to the top of the lantern tower, 20 feet. There is a slight tapering of the shaft, it being 27 feet at the base and 23 at the lantern tower platform. The monument cost about \$100,000, of which the national government gave \$50,000, the state of Massachusetts \$25,000, Provincetown \$5,000, and individuals the remainder. Lieut. Col. Edward Barr, Engineer Corps, U. S. A., supervised the construction.

In the interior of the monument are set 141 memorial stones from historic places and organizations. Most interesting among these are tablets from churches in Leyden, Holland, the Pilgrims' burying place after they left England; in Delft Haven, whence they sailed for the new world, and in Amsterdam, Holland, the home of Bradford. The stones are ranged in tiers about the base of the monument where they may be easily seen and all are suitably inscribed.

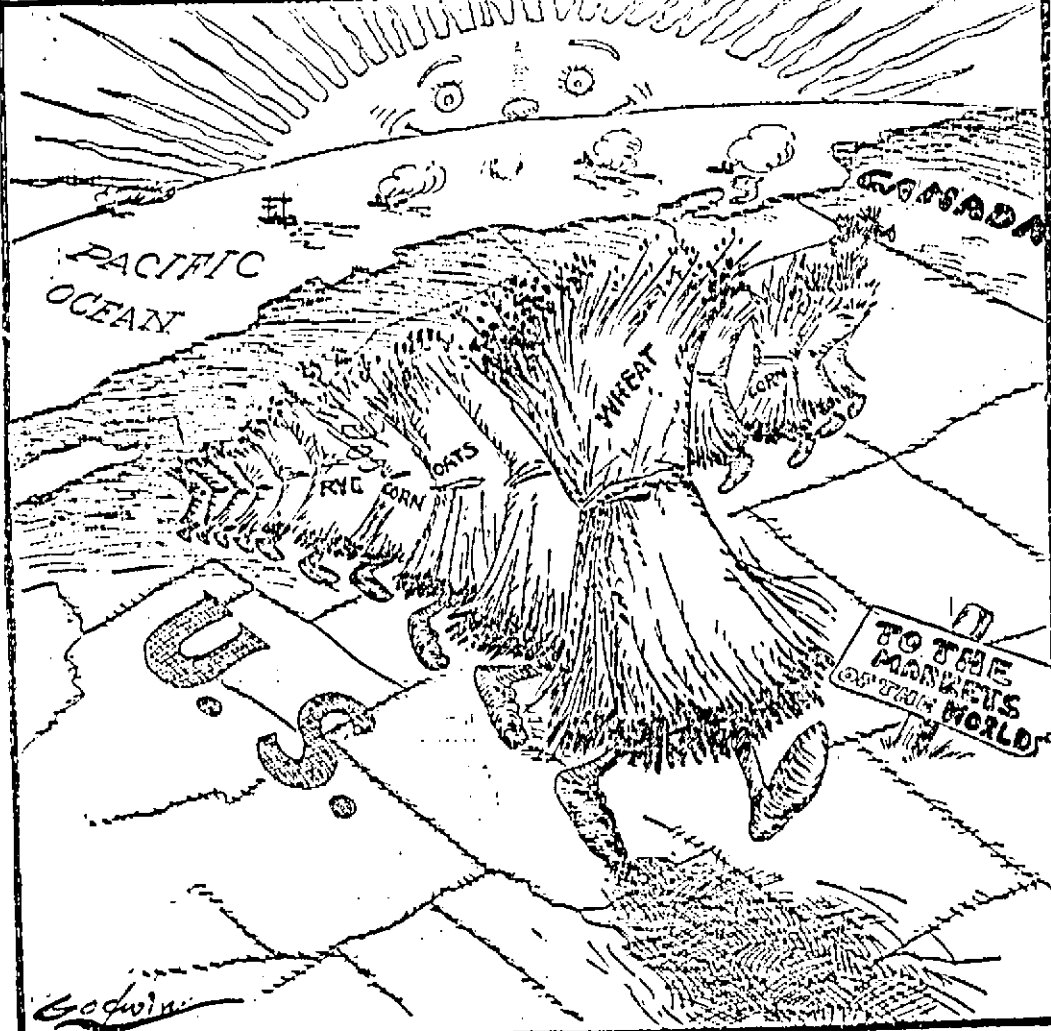

## HEAVY YIELD FROM NEW BREED OF OATS

Experimental Breed, Developed by Prof. H. A. Buehler, Ran 70 Bushels to the Acre.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Aug. 5.—Experiments covering a period of twelve years with the object of developing a breed of oats that would yield more than any other kind in this state brought up the looked-for results this week on the university farm, when the return ran 70 bushels to the acre. The work of all the years now brought to so successful a close was under the direction of Prof. H. A. Buehler, the noted agronomist, who invented the cure for oat smut, by which, at an expense of one cent a bushel to farmers, from three to six million dollars are saved yearly to Wisconsin farmers.

## LIGHTNING KILLED MAN IN A HOUSE

Came Down Chimney and Dealt Death to Owner of the House—Wife Also Injured.

[BY UNITED PRESS.]

Maynetto, Wis., Aug. 5.—A bolt of lightning which struck the chimney of the residence of Tom Selner in the town of Spruce, Oconto County, at eight o'clock today, instantly killed Mr. Selner who sat at a window near the chimney. His wife, in an adjoining room, was rendered senseless for a time, but has entirely recovered. Little damage was done to the house. Mr. Selner was about 30 years old.

## HELD FOR DEATH OF HIS FELLOW WORKER

Two Employees of Madison Gas Company Have Pitched Battle Which Is Fatal to One.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Aug. 5.—As a result of a quarrel over the weight of a wheelbarrow load of coke, John Vaughn, 50 years old, is dead and Lyle Delgas, a fellow employee at the local gas works, is under arrest and probably will be charged with manslaughter after the coroner's inquest this afternoon. The two men engaged in a quarrel yesterday and finally engaged in a fist fight, rolling around on the floor until both fell, locked in each other's grasp. Lyle Delgas, an elevator shaft, Vaughn was under a shaft and suffered internal injuries from which he died at the city hospital. Both men were arrested late last night. Delgas was charged with manslaughter. Vaughn's wife and their four small children are now orphans.

## SANITY OF THE BOY HERMITS QUESTIONED

George and Henry Gasser Examined Today Because of Queer Actions in Locking Themselves in House.

[BY UNITED PRESS.]

Milwaukee, Aug. 5.—George and Henry Gasser, aged 15 and 16, respectively, Milwaukee's boy hermits, will be examined to determine their sanity. This morning the police went to their home to arrest them for violating the law by locking themselves in a house. They found the boys locked in a closet in the attic nearly exhausted from lack of food and drink. Henry had hidden his brother there in an effort to elude the officers. He was arrested and the older boy was taken to the hospital. Recently the boys barricaded their house and refused admittance to the officers who were forced to break into the house. This is the strangest case on record in Milwaukee.

## NEGRO POLITICIANS HOLD THIRD ANNUAL CONVENTION

Speakers at Meeting of National Independent Political League Criticize Taft.

[SPECIAL TO THE GAZETTE.]

Atlantic City, N. J., Aug. 5.—President Taft came in for considerable sharp criticism from the speakers today at the third annual convention of the National Independent Political League, an organization of negroes with a membership extending over a large section of the country. The league espouses the disposition of the Brownsville cases and also objects to the President's policy toward colored Americans, "as typified by the removal of colored office-holders in the south and the starting of a campaign of retaliation against all close friends of the colored people." Independent republican congressmen in all close districts, Bishop Alexander Walters and a number of other Afro-American of prominence were included among the speakers.

## ARE ALARMED AT THE SITUATION

SPANISH GOVERNMENT WILL PREVENT ANY DEMONSTRATION.

[BY UNITED PRESS.]

Madrid, Aug. 5.—Alarmed by fears that the proposed demonstration of the clerical forces at San Sebastian will assume the character of an uprising, the government today began to rush troops there.

A regiment of Hussars left Madrid for San Sebastian this morning followed by another regiment of cavalry and two battalions of Chasseurs. A regiment of infantry was also ordered to San Sebastian from Vittoria.

Many Will Attend.

Bilbao, Spain, Aug. 5.—Since the government has ordered railroad companies not to furnish special trains for the proposed demonstration at San Sebastian Sunday, the Catholic adherents are already commencing to leave for the summer capital upon ordinary trains. The feeling in this city runs high.

## LACKAWANNA ROAD SEVERE SMASH-UP

Fifty-five Freight Cars Were Smashed in Collision Near Scranton.

[BY UNITED PRESS.]

Scranton, Pa., Aug. 5.—In a bad wreck on the Lackawanna railroad today at Annaberg, fifty-five freight cars were smashed, the locomotive probably fatally injured, and the engineer and head brakeman are missing. It is feared they have been burned to death.

Man Held in Louisiana for Murder of Young Girl Says He Is Innocent.

[BY UNITED PRESS.]

Denver, Colo., Aug. 5.—"Before God I am innocent," Joseph Wendling, held here on the charge of the murder of Alma Kellner in Louisville, made this statement today and said: "It will all be cleared up when I get back to Louisville."

## ARRANGE FOR REPUBLICAN STATE CONVENTION TODAY

Connecticut State Central Committee Meets and Fixes Date—Outlook Reviewed.

[SPECIAL TO THE GAZETTE.]

New Haven, Conn., Aug. 5.—The first steps looking to the Republican campaign in Connecticut this fall were taken today when the state committee met here to fix the time and place for holding the state nominating convention and incidentally to review the outlook. All politicians are agreed that the campaign will be one of the most interesting in the history of the state in some years. In addition to the fight now on between Charles A. Goodwin and Everett Lake for the gubernatorial nomination there is to be a spirited contest for United States Senator between the incumbent, Morgan G. Bulkeley, and former Governor G. P. McLean. Lively fights are in prospect also in several of the congressional districts.

Finished Contract: Cullen Bros. have completed the building they had under construction at Horton for the Van Brunt company and John Cullen is today packing up the construction material used.

## OARSMEN HOLD BIG CONTEST IN CANADA

Regatta For Amateurs Over Henry Distance, Begins Today at St. Catharines, Ont.

[SPECIAL TO THE GAZETTE.]

St. Catharines, Ont., Aug. 5.—Hundreds of oarsmen and followers of aquatic sports are in St. Catharines for the annual regatta of the Canadian Association of Amateur Oarsmen, the preliminary events of which take place today, with the finals tomorrow. The list of entries gives promise of the most successful regatta ever held off under the auspices of the association.

Included among the participants are crews from Toronto, Montreal, Halifax, Winnipeg, Hamilton, Brockville, Ottawa, Boston, Buffalo, Philadelphia, New York, Detroit, Grand Rapids and several other cities of Canada and the United States.

The program calls for events for singles, doubles, fours and eights, the main event will probably be the senior eights, in which the Ottawa, Toronto and Detroit crews will be the chief contenders. This event is to be rowed this year at the regular Henry distance, which is one mile 550 yards.

## TRYING TO KEEP SOO LINE HEADQUARTERS

Business Men of Abbotsford Seeking Way to Keep Division Offices and Shops in Town.

[BY UNITED PRESS.]

Abbotsford, Wis., Aug. 5.—The threatened removal of the Soo line division headquarters to Stevens County or Chippewa Falls, is arousing considerable anxiety here, for the railroad men do a large portion of the business of the town. The removal of the shops will be bitterly opposed by business men who are holding meetings to find some way to save the headquarters.

## SEVEN LOSE LIVES IN NEW YORK FIRE

Tenement Building Destroyed and Occupants Have to Flee for Their Lives.

[BY ASSOCIATED PRESS.]

New York, Aug. 5.—Seven lives were lost today in a fire which destroyed a three-story lodging house in the foreign section of Jamaica, L. I. The blaze started in a hallway, the only exit, and spread so rapidly that the inmates had an opportunity to escape. The lodging house was occupied for the most part by poor workmen employed in the neighborhood.

## SELBER HAS HEARING ON WHISKEY FRAUD CHARGE

Employee of Illinois Fruit Distilling Co. Accused of Moonshining in Chicago.

[SPECIAL TO THE GAZETTE.]

Philadelphia, Aug. 5.—Jacob Selber, who was arrested two weeks ago on a charge of being implicated in the distilling and disposing of 102,340 gallons of spirits on which no tax had been paid, was given a preliminary hearing before a United States commissioner here today. Selber is a former employee of the Illinois Fruit Distilling Company, which is alleged to have engaged in extensive "moonshining" operations in the heart of Chicago. The president of the company and nearly a dozen of its employees have been arrested in connection with the case. They are said to have defrauded the government of nearly \$115,000 in revenue taxes. Selber denies that he was concerned in the alleged frauds and declares that he has not been in Chicago for nearly two years.

## HOD TAYLOR DIES AT WASHINGTON, D. C.

Former Owner and Editor of Wisconsin State Journal Passes Away This Morning.

[BY ASSOCIATED PRESS.]

Washington, Aug. 5.—Horace A. Taylor, for many years an assistant Sec. of the treasury, and the American consul to France in 1881-4 is dead, age 73. Mr. Taylor served two terms in the Wisconsin state senate, in which state he was prominent in business and politics.

In 1889 Mr. Taylor purchased the Wisconsin State Journal at Madison from the estate of the late David Atwood and for several years conducted it as editor and owner. Since retiring as assistant secretary of the treasury Mr. Taylor and his wife made a tour of the world. He owned a handsome home in Washington.

## MAKE DENIALS OF GORE TESTIMONY

VICE PRESIDENT SHERMAN SAYS HE NEVER HAD ANYTHING TO DO WITH DEAL.

[BY ASSOCIATED PRESS.]

Muskogee, Okla., Aug. 5.—The committee investigating the Indian land contracts resumed its sittings today with the prospect of another interesting session. It was expected that Congressman Greager, Jake L. Hinson, Congressman McGuire and possibly Senator Gore would be called.

Greager's recall will be for purpose of cross examination as to his statements late yesterday that he had been approached by Hinson in behalf of McMurray who held contracts from the Indians to sell the lands on a three million dollar commission.

Hinson has expressed his willingness to testify, and in interviews has already denied Sen. Gore's allegations.

Congressman McGuire was charged by Sen. Gore with being interested in the approval of the McMurray contracts.

Senator Curtis of Kansas, also named in connection with the scandal will be called tomorrow or Monday.

Greager denied he told Gore that Hinson had attempted to influence him but admitted McMurray had assisted in drafting the bill for the sale of the Indian lands which he introduced. He declared the bill did not provide for attorney's fees.

Hinson, on the witness stand, made a general denial of Sen. Gore's charges and declared he never conferred with the names of Sherman, Curtis, Long or Thurston, with the Indian land deal and in fact had nothing to do with that matter, being in Washington at that time in the interest of Governor Haskell.

Denies Story.  
New York, Aug. 5.—Vice-President Sherman today emphatically denied all connection with the Indian contracts referred to by Senator Gore at Muskogee yesterday.

"If he says I had any other Indian interests in this or any other Indian matter," he has stated what was not true," declared Sherman.

Want Him to Act.  
Utica, N. Y., Aug. 5.—Friends of Vice-President Sherman today urged him to take the stand before the Congressional investigating committee looking into the Sen. Gore alleged bribery charges.

Never Heard Name.  
Denver, Colo., Aug. 5.—United States Senator Hatcher, who moved the appointment of a committee to investigate Senator Gore's charges, declared today he had never before heard the name of Vice-President Sherman mentioned in connection with the charges.

When Sen. Gore said: "I suggested to him he might secure \$75,000 if he would stop his fight on the proposed McMurray contract," Sen. Gore had, it never was interested in the McMurray contract to the extent of a dime," Jacob Hatcher made this declaration to the committee. It is certain Sen. Gore will be recalled to the stand and will explain in detail the methods used in the passage of bills.

## WIRELESS REPORTS STEAMER PICKED UP NEAR VANCOUVER

Message "Princess Mary" With Many Passengers is Going Down.

[BY ASSOCIATED PRESS.]

Seattle, Wash., Aug. 5.—The wireless station at Point Grey, six miles from Vancouver, has picked up messages saying the steamer "Princess Mary" is sinking. She is supposed to have a large passenger list. The steamer was seen by a ship at the mouth of the Columbia. It is probable an oiler from Seattle, north of Tacoma. All efforts to obtain further details are fruitless.

## STOCK MARKET IMPROVES IN TONE AT THE OPENING TODAY

New York, Aug. 5.—The stock market showed a strong tone at the opening, many railroad issues ranging at the highest figures so far this week.

[BY UNITED PRESS.]

PILGRIM MONUMENT AT CAPE COD AND PRESIDENT TAFT AS HE WILL APPEAR TODAY MAKING HIS ADDRESS DEDICATING THE PILGRIM MONUMENT.

trains, two from Boston, two from New Bedford, and several from the upper Cape, in addition to the regular railroad and street car service, arrived before nine o'clock and were in the narrow, winding streets of Provincetown were thronged as never before in their history.

The President and other distinguished guests with the military and naval escort, marched in procession to the site of the monument upon Town Hill. The speakers stood at the base of the monument, and the President, other orators, and as many of the invited guests as it would hold faced the crowd of 25,000 massed on the hill.

The exercises were opened with the reading of the scriptures and an invocation by the Rev. James De Normandie of Boston. Captain J. Henry Sears, president of the Pilgrim Memorial association, delivered a short speech, introducing Governor Draper, who spoke briefly and in turn welcomed and introduced the President.

President Taft spoke extemporaneously and paid a glowing tribute to the memory of the Pilgrims who first landed on Cape Cod soil and, while the storm-tossed Mayflower rode in temporary security in the harbor, overlooked by the monument just completed, signed their famous compact, which has been justly called "the forerunner of the declaration of independence." The President frequently was interrupted by applause.

In addition to President Taft the speakers included former President Charles W. Eliot of Harvard University, Senator Henry Cabot Lodge of Massachusetts and Hon. James T. McChesney of Minnesota. Band music and singing interspersed the program. The sounding of a trumpet marked the end of the formal part of the exercises, after which the guests of the occasion adjourned to the town hall where an informal reception was held. The President was then escorted back to the wharf and embarked on the Mayflower for the return trip to Boston.

### ITALIAN CHARGE MAKES ERROR.

State Department Returns Request for Charlton's Extradition Unopened.

Washington, Aug. 5.—The Italian charge d'affaires, Mr. Montagliari, either blundered or wished to make a point of practice when he sent to the state department the formal request of Italy for the extradition of Porter Charlton.

The state department sent back the package without opening it to the charge d'affaires, explaining courteously that the papers ought to go to the committing magistrate, who has charge of the case for the state of New Jersey in the first instance.

The state department understands that the treaty explicitly provides that such is the proper process.

### SAY CARNEGIE IS BENEFACTOR.

Pan-American Congress at Buenos Ayres Vote Him a Medal.

Buenos Ayres, Aug. 5.—The Pan-American congress has unanimously approved the erection at Buenos Ayres of a permanent building for the purposes of the congress. The publication of a book containing the acts of independence of the American republics has also been approved.

A resolution was adopted lauding Andrew Carnegie as a benefactor and voting him a medal for his services in the cause of humanity.

### Massacre 100 Christians.

Constantinople, Aug. 5.—In consequence of the massacre of more than 100 Christians and Muslims in three villages in the Hauran district of Syria by Druses, the government is sending a powerful military expedition to restore order. Hauran has been swarming in revolt ever since the constitution was established.

### Three Men Killed in Storm.

Schenectady, N. Y., Aug. 5.—Three men were killed by lightning at Greens Corners, seven miles north of here, during a terrific electrical storm.

### Oldest Inhabitant Found.

Paris, Aug. 5.—The world's oldest inhabitant has been discovered in Bulgaria in the person of Mme. Babavasilka, aged 126, a resident of the town of Bevelako.

### Whittier's Parrot.

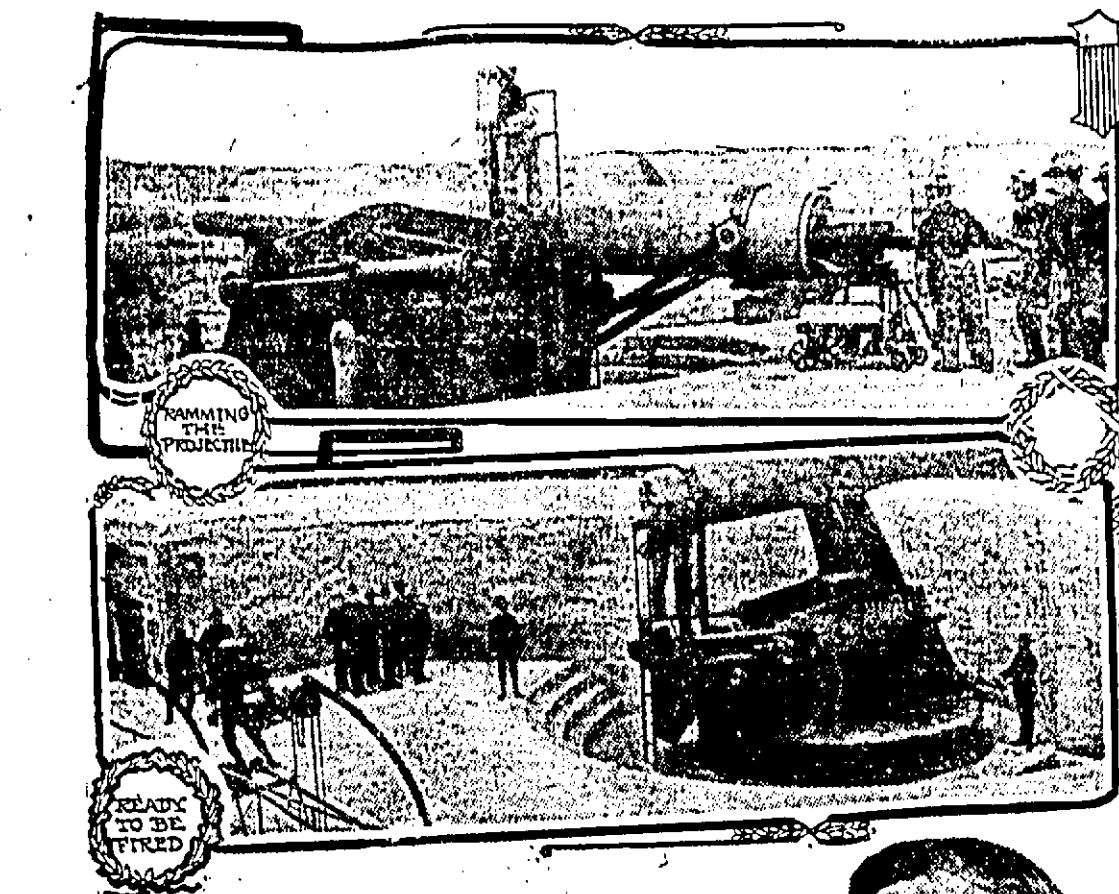

As every one knows, Whittier, the poet, lived in Haverhill, Mass. He was greatly beloved by children, who were frequent visitors, attracted not only by the genial man, but by his favorite pet, a parrot, which had the distinction of being the only one in the town. It pleased the poet that to his little friends he was known far and wide, not as a maker of verses, but as "the man who owned the parrot."

### Last Century a Marvel.

The last 100 years under the influence of the modern engineer and scientist have done more for the betterment of the race than all the art, all the civilizing efforts, all the so-called literature of past ages.

### SCENE OF UNITED STATES ARMY ACCIDENT AT FORTRESS MONROE IN WHICH A SCORE OF UNCLE SAM'S SOLDIERS WERE KILLED AND MAIMED AT TARGET PRACTICE.

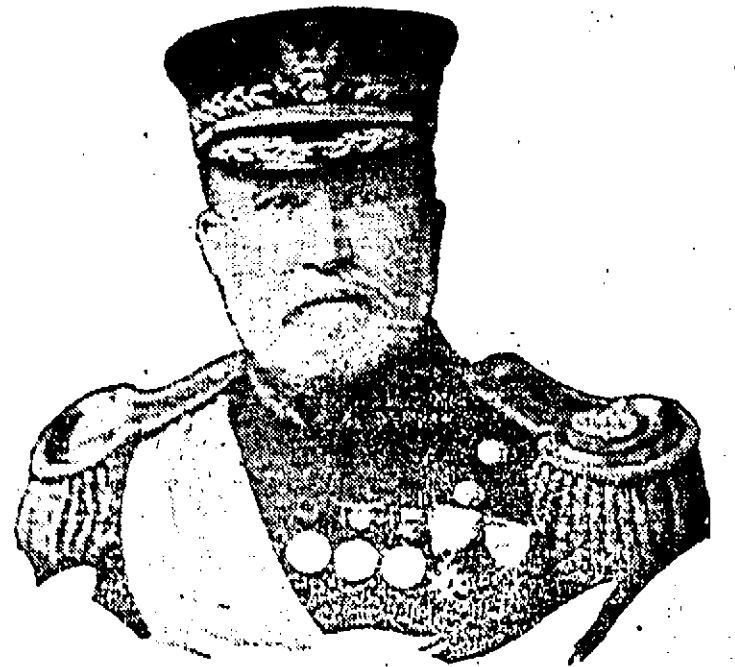

Orig. Gen. W. H. Crozier, U. S. A., who was present at army tragedy, and type of disappearing 12-inch gun which exploded. The top view shows the boys preparing to fire gun just before it rises and below the gun being fired.

Washington, D. C.—A careful investigation is being made of the cause of the fatal accident at Fortress Monroe in which a score of Uncle Sam's soldiers and soldiers were killed and injured through the premature firing of one of the great 12-inch disappearing guns. Chief of Staff Leonard Wood is supervising the investigation and it is hoped through a careful study of the cause of this accident to prevent any future occurrence of a like catastrophe.

Army officers are extremely proud of the way the men handled themselves in this trying moment and medals of honor will probably be given to a number of the men who distinguished themselves by cool headed judgment at the time of the crisis in assisting the injured.

BRIG. GEN. W. H. CROZIER, U.S.A.

UNCLE SAM'S SECOND ARMY OFFICER IN COMMAND RETURNS TO DEPARTMENT OF THE EAST.  
Major General Frederick Dent Grant.

Chicago Major Gen. Frederick Dent Grant has pitched his tent on Governors Island, where probably it will stand until four years from now, when the general will take it down preparatory to entering Camp Retiro.

post included in the eastern military department that he took his first regular soldiering.

In taking up his work in the department of the east, Maj. Gen. Frederick Grant succeeds Maj. Gen. Leonard Wood, now chief of staff, who is his only ranking officer.

General Grant's life has been one devoted to military organization and activity, commencing as he does, his revered father, Gen. U. S. Grant. At the age of 21 he was graduated from the United States military academy and immediately received his commission as second lieutenant, fourth cavalry, U. S. A. His promotions have been well earned by his indomitable courage and leadership. During the last 20 years he has held commands in the department of the lakes at Chicago and department of the east, with headquarters at Governor's Island.

As Gen. Grant's life of military activity will be brought to a close after four years by compulsory retirement at the age limit, he will in all probability remain at this post throughout the balance of his military career.

### Such is Life.

After from ten to 14 years of hard work in school, college and professional courses, with big money spent upon his education, a man can begin life as a lawyer or doctor and wait half a generation before he is sure of earning what an ignorant, incompetent, half-civilized immigrant laborer can get the day he steps ashore here from the steerage.—New York Press.

### Cash in French Banks.

The "ill money" held by commercial banks in France is the only cash they have on hand and that seldom exceeds three or four per cent. of their deposit liabilities. The joint stock banks, however, have a secondary reserve, amounting to about 15 to 20 per cent. of liabilities in "money" at call and at short notice, which is money loaned to merchants and others on stock exchange and similar securities.

### As It Often Happens.

"Who really catches the most fish, the man with the expensive outfit or the boy with a bent pin?" "I've seen 'em fish all day and neither got a bite," answered the sun-burned citizen.—Louisville Courier-Journal.

### Law and Geography.

From the half timers' papers written at a recent term examination: "Some of the chief inventions of the last 150 years are having an act so that no person under fourteen years must go into the public house. Another act was so that no person under the age of sixteen years must smoke cigars, pipes and cigarettes; and no person under that age can be served with any. My brother Bill is now all right for this invention. He was sixteen last week." Here is a geography answer: "The river system of Canada is what you might call very good, but sometimes they shoot the rapids, and unless you are a red Indian this is very troublesome at times, especially when you get stuck under the Captain Webb."—Manchester Guardian.

### The Modern Dramatist.

The dramatist, as such, has "no use for" knowledge. Not knowledge, but art, is the dramatist's business. And we not always being reminded that the greatest of them all had little Latin and less Greek? Today most of his successors, just to be on the safe side, are scrupulous about having no Latin or Greek at all. Some of them even carry their self-denying ordinance so far as to restrict themselves to the mere smattering of colloquial English. An exhaustive knowledge of anything is fatal to your chance of having "original" ideas about it, and our "new" dramatists must at all costs display originality. Not to know too much is no doubt part (though by no means, as some suppose, the whole) of the dramatist's secret.—London Times.

## Act At Once—YOU KNOW—

Find the ten missing words in the above sentence.

The sentence beginning with the words "You know" is not complete. Ten words are missing. The person sending to our office the sentence nearest correct will receive

**\$5.00 in Trade FREE**

All answers must be received by us previous to 9:30 P. M. Saturday, Aug. 6th. Bring in your replies at once—you may win the \$5.00.

**\$4.95** — People have a better appreciation of what these bargains really are when they see the suits. Just think of it! Being able to buy a \$17.00 or \$15.00 or \$12.00 two-piece Summer Suit, some beautifully trimmed, others plain tailored, all made of good materials, all sizes, all colors. We say, think of being able to buy these suits at \$4.95. When down town ask to see them.

## The Fancy Silks, Values 50c to \$1.25, That We Offer for 29c, 49c, 69c,

are moving freely. These goods have merit. The qualities are good, the styles desirable. It's an opportunity not likely to happen again. Select some of them at these figures, values to \$1.25, prices 29c, 49c, 69c.

**RUGS** — AS WE HAVE SAID BEFORE, we now repeat WITH EM. PHASIS, for the benefit of those who might just as well buy now as wait, that we are showing all of the latest fall style designs and all sizes in the leading makes of rugs in our large carpet department in the second floor. We not only sell rugs at several dollars less than big city stores, but the assortments are so complete that there is no trouble to find just what you want.

## AT THIS SEASON OF THE YEAR

when stocks are unusually low, the time when merchants are apt to let their stocks run down, The Big Store is receiving frequent shipments of seasonable wanted things. We have found that it pays to keep the stocks complete even if we have some left over. People have learned from experience that they usually can find things at Bostwick's. We often have people say to us, "I have been in every store in town and this is the only store that has it." **SAVE TIME AND TROUBLE BY COMING HERE FIRST.**

## Sometimes I Ask a Patient How It Was They Came to Me For Their Work

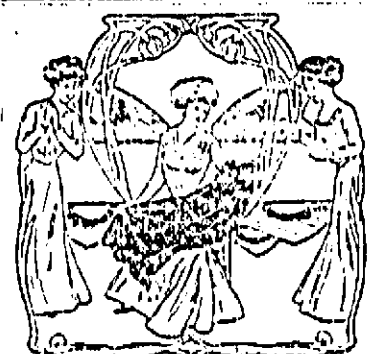

Yesterday a patient said it was because a cousin had been to me over 3 years ago and who liked the work so well that from her recommendation the new party came to me.

This really is the best advertisement I can have and I lay myself out to please and satisfy every patient so that they naturally talk well of my work to their friends.

I've been here now 9 years past. My business is getting larger every month.

Consult me for your next Dentistry.

## GOOD CONTESTS HAVE BEEN ARRANGED FOR

Chicago "Wrens" Meet the "Athletics" on Sunday at Yost's Park—Commercial League Games.

The Lewis Knitting company team and the Chicago company also will play the opening game in the schedule of games for tomorrow afternoon at the Commercial League park, and the second contest will be between the Parker Pen company and the Rock River Woolen Mills. The game will commence at 1:45 sharp, it having been decided that teams which were not on the grounds in time to start the game then, would have to forfeit. In order to put a stop to the "rag-chewing," which has interfered with the progress of several games in the past, the rule will be strictly enforced that the umpire may rule off the grounds any and all players who attempt to "chew the rag."

Chicago "Wrens" at Yost's.

On Sunday afternoon at Yost's park, the "Wrens" will meet the "Athletics," one of the strongest non-professional lines in the "Windy City." The "Athletics" defeated the "Warrens" by a narrow margin last Sunday and the teams will be the "Wrens" promise to be as close and exciting. Two new players from the Interstate League have been added to the playing staff of the "Athletics." Joe O'Brien will play at first base and Ritter will be in the right garden. Janesville batteries will be Rothell and Hall and for the "Wrens" Lang and Smith.

### BRIEF LOCAL NEWS.

## CROWDS HASTEN TO THE SHOW GROUNDS

Every Speed Record is Broken by Ambitious Drivers—Police Handle Crowds Well.

Although Buffalo Bill holds the record of drawing the biggest crowd ever brought together by a tented show in this city, it is hardly probable that the Big Wild West will eclipse the attendance mark set some years ago as many of the trains entering the city carried only a small crowd. The farmers did not seem to turn out well for the exhibition nor were the downtown streets as well filled as on other circus days.

Acting on a warning from Rockford where the show exhibited yesterday, Chief of Police Appleby aware in several special policemen, made special preparations for handling the crowd. A close watch is also being kept on the hangers on which the Rockford authorities as well as show officials say are working the attraction to the limit. Numerous beggars, some of them cripples and other rakes, pelted out advertisements spots along Milwaukee St. when coming but were soon "chased." A few carried shoe strings while others were equipped for the harvest with only a ragged cap.

Unhindered by competitors from neighboring towns, the bus and automobile owners reaped a rich harvest conveying spectators to the Fair Grounds. All sorts of speed records were snapped by the benzine bugles on the trips to and from the grounds for no one seemed to remember, in the race to make, as many trips as possible, that there was anything like a speed ordinance.

There were hundreds on hand early this morning at the five points to see the trains unloaded. The show came from the south over the C. M. & St. Paul in three sections, arriving at 3:15, 4:05 and 5:10.

Gift of Weather Prophecy.

There is a Georgia man who can "forecast the weather" so accurately that the people of his county are said to "farm by him." It is said that the government has tried to get him in the weather bureau department, but he says that "fingers" confuse him. He is reported to have said: "I give my weather knowledge from the Lord. It comes free and it goes free. I wouldn't sell it to no man!"—Atlanta Constitution.

# INDEPENDENTS WIN POLITICAL BATTLE

REGULAR DEMOCRATIC CANDIDATES IN TENNESSEE DEFEATED IN HOT ELECTION.

## PATTERSON MEN ARE ROUTED

Enemies of Governor Claim Result Will Disastrously Affect His Political Future—Cooper Case Played Leading Role in Campaign.

Nashville, Tenn., Aug. 5.—In one of the hardest fought political contests in the history of the state the independents have elected their judicial ticket by majorities approximating 40,000. The successful tickets are as follows:

Judges of the supreme court—John K. Shields, D. L. Landrum, Matt M. Nell, W. D. Beard and Grafton Green. Judges of court of civil appeals—H. V. Hughes, Joseph C. Higgins, S. P. Wilson, Frank P. Hall and John M. Taylor.

Regular Democrats Allege Fraud. The independent headquarters claim the majority will approximate 40,000 votes. The regular Democrats, whose ticket was defeated, claim these figures will be cut by 10,000 or 15,000 votes, and their leaders allege fraud in many places.

They also charge that they were denied representation at the polls by the election commissioners dominated by the independent faction. The latter represents in a large measure the statewide prohibition element of the Democratic party, which has been vigorously opposing Governor Patterson since his memorable campaign with the late ex-Senator E. W. Carmack for the gubernatorial nomination.

Governor Patterson entered the lists for the regular ticket and stumped the state for it. His enemies lined up solidly with the independents.

The Cooper case, charges of attempted coercion of the supreme court by the governor in his decision of the famous trial, and his pardon of Col. Duncan Cooper, played leading roles in the campaign and served almost to make it a fight of Patterson and anti-Patterson.

Republicans Aid Independents. The Republican leaders, Newell Sanders and H. Clay Evans, entered the fight for the independents. The endorsement by the Republican committee of the independents was followed by a break in Republican ranks and the negro vote, it was alleged, was solidly for the regular ticket.

Enemies of Governor Patterson claim the result will have a disastrous effect on his political future. He is a candidate for re-election.

## RAWN ESTATE OFFERS REWARD.

\$5,000 Promised for Information Leading to Arrest of Murderer.

Chicago, Aug. 5.—In an effort to prove that Ira G. Rawn, late president of the Monon railroad, was murdered and did not commit suicide as hinted in a coroner's jury verdict, a reward of \$5,000 has been offered by the Rawn estate for information leading to the arrest and conviction of his murderer or murderers. Mr. Rawn was found dead in his home at Winnetka on the morning of July 26.

Criminal prosecutions will be begun within a week, unless the plan—be changed, against the men who are alleged to have been defrauded out of more than \$1,500,000 in connection with the repair of freight cars.

## THIEF SEEKS M'LEAN BABY.

Watchman Finds Man at Window of "World's Richest Boy."

Bar Harbor, Me., Aug. 5.—At three o'clock this morning Blumeo Blake, one of the watchmen employed to guard against the kidnapping of E. B. McLean's eight-month-old baby, the son, heir to millions, heard the burglar alarm outside the room where the wealthiest boy in the world was asleep. He aroused Mr. McLean, who stepped out upon the balcony and shot three at a man running into the woods. Blake joined in the fusillade.

It is believed an attempt was made to kidnap the child. The baby is a grandson of John R. McLean and of the late millionaire mine owner, John P. Walsh.

## ASK ROOSEVELT TO INTERCEDE.

Strikers Want Colonel to Investigate Conditions in Coal Fields.

Pittsburg, Pa., Aug. 5.—Former President Theodore Roosevelt is requested to visit the Greensburg-Twin coal strike field and look at conditions for himself. If he finds there is any chance of the operators and the miners getting together on the wage question he is begged to intercede. The request is made by the relief committee of the strikers stationed at Greensburg and has the unanimous approval of the striking miners and their officials.

## ASKS CITIZENS TO BE POLICE.

Columbus Mayor Calls Commerce Men to Act in Strike.

Columbus, O., Aug. 5.—With the departure of half of the National Guard on riot duty, Mayor Marshall issued a formal call on the men of Columbus for 1,000 special policemen to serve during the street car strike. The mayor asks members of the chamber of commerce, made up of the business men of the city, to volunteer.

## The Advertising of Twenty Years Ago

looks crude today—almost  
amusing; but the fact re-  
mains that it made fortunes  
for those who did it, and laid  
the foundations of what are  
today the large enterprises.

**The Advertising of Today**  
may seem crude twenty  
years from now; but the fact  
remains that it is making ad-  
vertisers rich, and that the  
advertising which is being  
done now will continue to  
pay dividends long after the  
advertisements themselves  
are forgotten.

Do not delay taking up ad-  
vertising merely because it  
is in its infancy—all the  
more reason for taking it up.  
If you advertise, and your  
competitors do not, you have  
all the more advantage.

Advertising in *The Gazette*  
is each week proving to more  
and more people the wonder-  
ful force it is.

When you consider that it  
reaches over three-fourths of  
the homes in the entire city  
and surrounding territory  
and when we learn that 1000  
tickets were purchased from  
just one small suburban city  
to Janesville within one  
month, its pulling power is  
realized.

One small business man  
whose average sales were  
\$17.00 per day started to ad-  
vertise and the average  
sales jumped up to \$43.00  
per day and then to over  
\$50.00 per day.

And there are many other  
instances each month. If  
you are interested, our Ad-  
vertising Department will be  
glad to give you more de-  
tails and to map out a cam-  
paign that will be adapted  
to YOUR particular business.

The rates, based on our an-  
nual contract, are as follows:  
One time order, 35c per inch.  
less than 12 times order, 25c  
per inch.

12 time order, 22½c per inch.  
52 time order, 20c per inch.  
104 time order, 18c per inch.  
156 time order, 15c per inch.  
312 time order, 14c per inch.  
Locals, 12c per line.

Wants ads, ½c per word for  
each insertion; 10% dis-  
count for one week, 20%  
discount for one month.

**Rubbing It In.**  
"What made the boys glare so at  
that man who just went out?" said  
one waiter to another. "When he paid  
his bill for a dinner he asked if  
there was any place in this neigh-  
borhood, anywhere, where a fellow could  
go and get a decent meal for 50  
cents."

# WOMAN'S PAGE

## The Evening Chit-Chat

By RUTH CAMERON

**W**HEN the first peek-a-boo waists began to appear last spring I found  
the usual crop of masculine tirades against them in the magazines  
and newspapers.

Some were on the grounds of morality, but several were on  
the grounds of health.

Think of that from a man. I shouldn't think they'd dare to.

Why do I say that? Ask any doctor if it isn't just as unhealthy to  
be too heavily dressed as too lightly and see what he says.

How any man would dare to protest against the  
wearing of such thin clothes in spring when he him-  
self offends nature and common sense every bit as much  
by wearing such absurdly thick clothes in summer is more  
than I can understand.

I was out on the street with a man on a very hot  
day recently. Careless and in my sheerser gown I was  
fairly suffocated by the heat.

What must he have suffered in a shirt about the  
thickness of my winter shirtwaists and a coat quite as  
heavy as what many women wear in January.

Several years ago, as perhaps you may remember, a  
crusade was started to make it proper for men to ap-  
pear in their places of business and on the streets with-  
out their coats.

Unfortunately it was a good opportunity for ridi-  
cule and men can never endure ridicule. Talk about  
women being convention bound. Anyone with any com-  
mon sense at all knows that women aren't a circumstance to men in that  
particular.

As you doubtless remember, caricatures and the name "the shirtwaist  
man" frightened most men away from this move towards common sense and  
the movement died. Now it doesn't seem to me it would have, despite men's  
cowardice. If women had given it their enthusiastic support, and I wish another  
one could be started and have the thorough backing of my sex.

Now don't say you don't approve of any such movement because you  
think it looks horrid to see a man on the street without his coat. There is  
nothing that you have any reason to object to in a man wearing a necktie  
shirt. It is simply because it is an unaccustomed sight and not in any way  
an objectionable one that you feel that way about it.

I wish every girl who reads this would say to her father or brothers or  
men friends the next time she sees any of them obviously suffering from the  
heat. "Why don't you take off your coat? I think it looks all right."

Yes, probably they will look horrified or laugh at you the first time,  
but if enough girls say it to them enough times they will probably begin  
to consider the matter.

Yes, of course, it would take years, maybe a generation or two to get  
men to do such a tremendously radical thing as to take off their coats.  
But if it made them sweeter tempered and more reasonable—and of  
course anything that added so much to their comfort would do that—don't  
you think it would be worth even several generations of effort?

At a recent luncheon given for an  
engaged girl the color scheme was  
pink and white, pink being the fa-  
vorite color of the bride-elect. The  
hostess was the latter's closest friend  
and all the guests were intimates of  
the two, which made the luncheon a  
very jolly affair.

The chandelier, above the table, was  
festooned with pink and white tulle,  
and suspended from it was a large  
golden hoop surmounting a wedding  
ring. From the hoop streamers of  
pink and white ribbon stretched to  
each cover, held in place there by  
tiny cupids, each cupid bearing a card  
with the name of the guest to whom  
the place had been assigned. Bride  
roses filled a cut glass bowl in the  
center of the table, were clustered  
in vases and bowls on sideboard and  
mantel, and nodded in banks from the  
low window seats.

Yellow luncheons are very appropri-  
ate when the guest of honor is a bride,  
since yellow suggests sunshine. At  
one such luncheon in early summer  
last year a wedding bell covered with  
field daisies with yellow hearts and  
black-eyed Susans with yellow petals  
hung above the table. A big flat dish  
of old brass, filled with yellow lady's  
slippers, stood in the center of the  
table, and a wreath of daisies and sim-  
ilar followed the curve of the table,  
just inside the plates. Daisies festooned  
stretched from the chandelier to the  
four corners of the room and daisies  
and black-eyed Susans and tall feath-  
ery grasses were bunched on the man-  
tepiece and massed in earthenware  
pots of quaint and unusual shapes.

The place cards at this luncheon  
were tiny yellow satin slippers filled  
with rice, the little card with the  
name on it half hidden in the rice.

Other pretty place cards for en-  
gagement or bridal luncheons are  
hand-painted designs showing a girl's  
head framed in a wedding ring, cupids  
peeping through a heart design, or  
two hearts pierced with arrows. A  
woman with some skill in water col-  
ors and a certain amount of invention  
can easily paint the cards for a lun-  
cheon and, knowing the fads and fancies  
of her guests, can get in little person-  
al touches that will enliven the lun-  
cheon immensely.

**RAFFIA TRIMMING THE VOGUE**

Gives Extremely Effective Touch to  
Many of the Season's Styles  
in Millinery.

Many of the new hats in the looser  
weaves of straw are being trimmed  
very effectively in colored raffia and  
velvet flowers, the raffia being cov-  
ered with net of the same shade and  
arranged like a scarf. Raffia comes in  
nearly 25 shades, and where an un-  
usual color must be matched, the  
white or natural colored can often be  
dyed to the exact tint. One girl tried  
for days to stain exactly a rather  
bright blue raffia, and after failing  
with all sorts of paints and dyes suc-  
ceeded by dipping the natural-colored  
grass into ordinary washing blue.

With the help of raffia and net very  
modish hats, indeed, can be trimmed  
entirely at home, for even the velvet  
flowers can be made with practice by  
the amateur. Often the raffia and  
net will match the straw of the hat,  
in black or white. The variations are  
endless, and all are pretty.

**DAILY DIET HINTS**

**GRAPE JUICE IN ILLNESS.**

Grapes contain every element  
of nutrition and are in some  
cases the most suitable mono-  
diet, as in blood poisoning, in  
which animal foods should be  
especially excluded. In a case  
of lead poisoning a painter main-  
tained his normal weight (in  
the fall, driving in the country  
several hours daily) for six  
weeks, taking only grape juice;  
but usually there is a constant  
loss of weight which, if mental  
conditions are favorable and the  
weather mild, with quiet sur-  
roundings, is no disadvantage.  
The loss of weight peculiar to  
typhoid and other fevers re-  
sults in improvement, chronic  
conditions often disappearing,  
especially if the modern hygienic  
treatment be followed, exclud-  
ing milk and using water freely,  
internally and externally, for  
controlling the temperature and  
aiding in the elimination of the  
poisons which it is the purpose  
of the fever to eradicate.

**Tinkering the Tank.**

"From my kitchen window," said  
she, "looking at the man who man-  
ages the tank on the roof across from  
me, it seems to me that as far as  
constant work and tinkering are con-  
cerned, a tank on the top of a flat  
building is worse than an automobile.  
I never look but he is working away  
at it, putting it, warning up iron  
over a little stove and poking them at  
it somewhere, sticking holes in it  
apparently, though I hardly think that  
can be true if it is full of water.  
That's what they are full of, isn't it?  
Sometimes he crawls under the thing  
and lies there flat on his back gazing  
up at it, working at it, putting it.  
He'd drown if he suddenly punched a  
hole in it under there with the poker  
he takes such pains to heat. Wouldn't  
he? Oh, well! The Lord's will be  
done."

**TO BE WORTHY.**

By MARY RUSSELL

When we see lives that have been  
full of promise and in poverty and  
distress; when we  
know of saintly  
men and women  
passing through  
all the terrors  
and pangs of po-  
verty and pain be-  
fore they pass  
out in loneliness  
and sadness—we  
wonder to what  
end and all was so  
ordained.

Men and women  
have striven faithfully  
and nobly do not  
always seem to  
reap the reward  
of the lives they  
have led.

Shiners and scuffers do not always  
reap harvests of love and anguish. In-  
deed, it sometimes seems that it is on  
the wrong side of the balance that  
the good things of life are placed, and  
we are sometimes disappointed.

It is almost impossible for us to un-  
derstand why the life of some noble  
woman should be so burdened by sor-  
row of reckless sons and worse than  
reckless daughters—by dissipated  
husband and helpless relatives. Some-  
times we seem to carry all the burdens of the  
community upon their frail shoulders.

Men and women who have lived ap-  
parently blameless lives feel the  
weight of the sins of others laid heavily  
upon them and we wonder and  
question.

**FAIR BOSTON GIRL WILL WED MAN OF HER CHOICE DESPITE OB-**

**STACLES.**

Miss Edith Deacon of Boston, who will marry George Peabody some time in  
September.

Newport, R. I.—The fashionable  
summer colony is eagerly awaiting the  
announcement of the date of the wed-  
ding of the beautiful Miss Edith Deacon  
of Boston, sister of the newly  
wedded Princess Radziwill, and Geo.  
Lee Peabody, Boston millionaire.

It is expected to take place in the  
fall, but no definite date has been set.  
Surprise was caused by the statement  
that Miss Deacon, who is a Catholic,  
has not asked a special dispensation  
to marry Mr. Peabody, who is a  
Unitarian and a divorced man.

Miss Edith Deacon is the third of  
the four beautiful Deacon sisters, whose  
lives have been strangely romantic.  
Edward Parker Deacon, the father,

was given a divorce from the mother  
of the children after he had shot and  
killed Emilio Abello, a Parisian man  
about town, whom he surprised at his  
home.

The mother kidnapped Gladys Deacon,  
another daughter, and the case  
caused a great sensation, but finally  
Gladys and Dorothy, the eldest daugh-  
ters, were given to the mother's cus-  
tom, and Edith and Audrey, the  
youngest, to the father. Dorothy is  
now the Princess Radziwill.

Miss Deacon, while not wealthy, has  
a snug fortune in her own right. Rum-  
or has it that she will spend much  
of her time abroad after her marriage.

## COMMEMORATE LANDING OF PILGRIM FATHERS

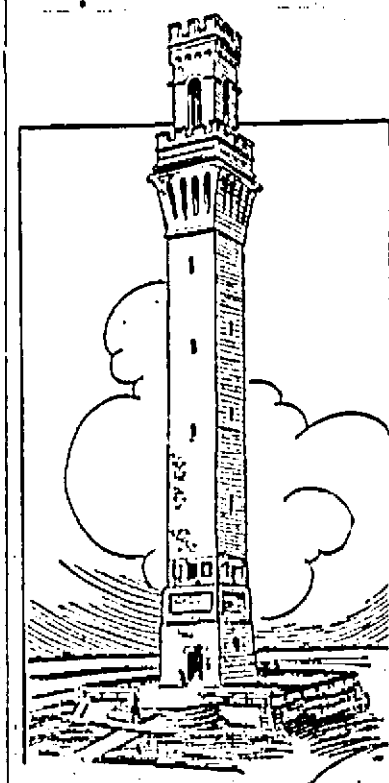

President Taft and Other Distin-  
guished Men Unveil the Lofly Mon-  
ument at Provincetown, Mass.

Provincetown, Mass., Aug. 5.—Presi-  
dent Taft reached here today to partici-  
pate in the exercises incident to the  
unveiling of the Pilgrim monument  
erected in honor of the Pilgrim Fathers  
who arrived off this harbor several  
hundred years ago on the bark "May-  
flower." And it was fitting to the oc-  
casion that the executive of the United  
States should enter the port on a  
steam craft bearing the same name.

Fourteen battleships anchored in the  
bay for the purpose of engaging in target  
practice each fired the presiden-  
tial salute of 21 guns, while a big fol-  
lowing of cruisers, torpedo boats, etc.,  
added to the din with their fox  
horns.

Many eminent men were invited to  
assist in the ceremony of today, and  
among those who participated were  
James Bryce, the ambassador from  
England; Jonkheer J. Loudon, minis-  
ter from the Netherlands; Senator  
Lodge, Congressman Foss of Chi-  
cago and former President Elliot of  
Harvard. Dr. Elliot delivered the oration  
and brief remarks were made by  
some of the other guests.

In addition to the monument a tablet  
was unveiled as the successor of  
one which was destroyed when the  
old town hall, which occupied the site  
on which the Pilgrim monument

## Peculiar Death.

A peculiar death was that of James  
Dunne, at Wangaratta, Victoria, re-  
cently. While going to a creek he  
was caught in a wire fence and could  
not disentangle himself. He was  
found hours after fairly balanced

that the wire had cut deep into the  
abdomen.

Bolls come from the staphylococcus

diabetes, gout, tuberculosis and dis-

after severe fevers. Bolls are com-

epitaxia of bolls run through hospi-

## FORTY YEARS AGO

Janesville Daily Gazette, August 5, 1870.—Jottings.—The potato crop in this section is a complete failure, beyond question. The drought and the bugs have combined to destroy the crop, and the result is that we must rely on better favored localities for our supply of this indispensable article of food.

The report of a mishap at Clear Lake yesterday is ungrounded. No accident occurred to mar the pleasure of the large party of picnickers which assembled at the lake. The hint, however, that four well known persons, gentlemen and ladies, were spilled out of a boat into the lake, and

that one couple were obliged to "Poot" it ashore.

We learn with regret that a little son of Mr. and Mrs. C. W. Baker, recently of this city, died a few days since, at Chattanooga, Tennessee. Mrs. Baker is a daughter of J. M. Burgess, Esq.

The next slide hurl ball players had better bring their muffs on the way. We don't like to go back on our own representatives, but if they will persist in playing a game which is too heavy for them, we can't feel justified in trying to offer excuses for failures. Try 'em Scotch. Perhaps you can make a go of that.

**Here Worshipers.**

Every man who praises a hero more than the hero deserves will abuse his neighbors more than his neighbors deserve. Every man who will march in a torchlight procession and cheer his head off for a candidate he knows almost nothing about will accept scorn on testimony he knows to be untrue.—Athenian Globe.

**The Means of Companionship.**

Companionship implies virtuous both parties contributing to it. Both must have a certain amount to give of cheer, strength, humor, sympathy, interest. Criticism, except where it is witty, is futile. It annoys without correcting, as a rule. As Stevenson somewhere says wisely, there is one person in the world you are to make good—yourself—other people you are to make happy, if you can.—Harper's Bazar.

**A Brick in Curtains.**

The curtains are the keynote to a room and make or mar it; and here let us stand firm on the matter of shades—they are never necessary. Two sets of such curtains hung one pair above the other and running transversely on cords, with rings close together or without rings, are prettier and more useful, for one can have the light from above or below as desired. Shut in the lower hem will keep the curtains in place.—Country Life in America.

**La Preferencia Cigar**

The Havana filler gives these cigars their rich aroma—and the blending is what makes them so mild. That's why they are preferred by the most critical smokers.

More smoked than any other 10 cent cigar.

**Wisconsin Cheap Land and Mild Climate**

Win Settlers

Opening of Round Lake County Brings Rush of Landseekers.

The rush to the Round Lake County of Wisconsin, where 15,000 acres of this farm land in Sawyer County have been released to settlement by the big timber interests, promises to become a veritable stampede of eager homeseekers. Farmers in the Middle and Southern States have come to their senses on the question of Wisconsin climate. The government reports have established the fact that the Wisconsin winters are mild. There is only 3 degrees difference in the average annual temperature between St. Paul and Leavenworth, Kan. The average annual temperature in the United States is shown by these official figures: St. Paul, 42 deg.; Leavenworth, Kan., 51 deg.; St. Louis, 55 deg.; Indianapolis, 51 deg.; New Orleans, 59 deg.; Austin, Tex., 67 deg. The American Immigration Co. of Chippewa Falls, Wis., is selling this vast body of rich land at \$5.00 to \$20.00 per acre.

A man with a few hundred dollars can secure title to his farm and pay the balance in five or ten annual installments, out of the crops. For books, maps and full particulars address
